\$760,000

This lowset four bedroom home on an 868m² allotment has just been refurbished throughout and is now ready for someone to write their story. Located at the end of a quiet cul-de-sac the home is tucked away behind a privacy providing fence giving you your own escape from the everyday. As you move along the welcoming front yard two things strike you immediately - the completely flat, beautifully presented lawn which is perfect for the kids games and the attention to detail in the refurbishment, which oozes character and care. Heading past the front porch where you can sit and relax while the kids play, you enter the home and find yourself in the sun-kissed main lounge which is double the size of many and invites the family to come together and connect in this beautiful space which is offset by modern, quality floating hybrid flooring and oversized air conditioning. From here you can move to the combined family and dining which gives plenty of space for both and adjoins the well-appointed kitchen which offers plenty of bench space and great storage, including special features that provide the cooking space - from everyday needs to the most sumptuous of feasts. Bedrooms 1-3 are all of good size, boast air-conditioners, built in robes, overhead fans and quality carpeting. The master also has a stylish ensuite. Bedroom four boasts its own walk-in wardrobe and is located separately, giving privacy to guests or older kids. An oversized laundry completes the inside of the house. Stepping outside is a pleasure as you are welcomed by a massive, private alfresco entertaining area which is big enough for the largest of gatherings and features modern design and touches. It overlooks a rear yard that looks more like a sports field than a back yard. Freshly laid turf evokes a feeling of walking onto a stadium with room for even the most energetic to wear themselves out. Completing the offering is a massive 4.8x7.4m steel shed/garage providing all the space you need, plus an additional rear garden shed. Located within walking distance of schools, IGA supermarket, sports field and more, the property is a two-minute drive to the M1 and Logan Motorway entrances and a four-minute drive to the Logan Hyperdome. You can be in Brisbane city in 25 minutes and the heart of the Gold Coast in 30. Priced to sell at offers over \$725,000 the property won't last. Contact Sharky Au on 0424 831 155 or Darren McCosker on 0420 620 760 to organise your inspection.
