\$349,000

Sitting proudly on a 1012m² block this old timer 3 bedroom high set home awaits a new owner who will restore the house. There are high ceilings, beautiful hardwood floors, a front patio, fans air conditioning and the added bonus of a second bathroom downstairs. With a coat of paint internally and polishing of the floors the house will be a great home for its new owners. The huge yard leaves plenty of room to put another house on the block or simply enjoy having a large block where a game of backyard cricket is a distinct possibility. A bore on the property ensures watering of the yard is never an issue. These properties are hard to find so call now to make a time to view this one.
