Custom designed by Tullipan Homes and located within the prestigious Dudley Beach Estate, first-class interiors and laid-back alfresco areas take centre stage in this modern masterpiece. High set to catch an elevated view stretching to Stockton on a clear day, and displaying an incredible sense of light, space and privacy, the homes' design creates a calm and extraordinary living environment for families at every stage of life. A family-focused layout features a picture-perfect open-plan living area highlighted by a high-spec kitchen plus two ground floor living areas, giving every family member space to relax and unwind. Five king size bedrooms and four bathrooms easily cater to everyday needs for large and blended families. A dedicated office provides an ideal space for anyone working from home or studying. Enjoy entertaining on the deck against the coastal vista or take the party out the back and host friends around the custom designed magnesium pool with champagne bench – both settings are equally enticing. Boasting a coveted cul-de-sac end position with reserve easements on two sides and only one shared fence, the sense of seclusion on offer here is staggering, bringing with it the sound of birdsong. When the ocean calls, take a 2 minute drive down Dudley Beach Rd or walk 1 kilometre to arrive at sandy and uncrowded Dudley Beach.
