Tucked away in a peaceful bush setting, Gumnut Cottage is a charming 3-bedroom, 1-bathroom home with separate bath and shower that strikes a perfect balance between tranquillity and convenience. It's situated on a level treed block spanning just over one acre, offering a blend of natural beauty and modern comfort. Inside, you'll find three spacious bedrooms, each with built-in robes, providing both style and practicality. The living room is a welcoming space filled with natural light, creating a cozy atmosphere for relaxation and quality time with family. The main roof covers a convenient carport for your vehicles, ensuring easy access and protection from the elements. There's also a garden shed under the same roof, providing ample storage space without sacrificing aesthetics. Beyond the cottage, the property invites you to explore the surrounding bush and enjoy the peaceful environment. Despite the secluded feel, Gumnut Cottage is still close to Town and Wilson Inlet, offering both the serenity of nature and the convenience of nearby amenities. This is more than just a home; it's an opportunity to embrace a lifestyle that seamlessly combines the beauty of the natural landscape with modern living. Gumnut Cottage is a haven where the simplicity of bush life meets the practicality of town living. Don't miss the chance to make it your own and enjoy the best of both worlds.
