If you are searching for a relaxed and easy living home with ocean views, right on the doorstep of Spring Creek and just moments away from the centre of Torquay, then you will fall in love with 6 Rocklea Drive. The heart of the home is the main living space, which offers uninterrupted ocean views and a leafy outlook from the floor to ceiling windows. A gas log fire, ducted heater and refrigerated cooling will ensure you are kept cosy and warm in winter and cool in summer. The updated kitchen with two separate ovens, walk in pantry and dining provides plentiful storage and a light filled family friendly space. Three spacious bedrooms all with BIRs, study, separate toilet, shower, bathroom and a second spacious rumpus / family room complete the floor plan on this level. The outdoor space takes advantage of the north facing orientation, to provide a light filled undercover patio and BBQ area perfect for entertaining plus plenty of low maintenance open space to enjoy. Downstairs boasts a large double car garage with workshop and internal staircase to the first floor. Within a prime position to all that Old Torquay and the Surfcoast has to offer, this home is a fantastic opportunity for a family, holiday maker or investors alike.
