Yes it needs some TLC but this solid old home represents a great opportunity for any handy person to get a start in the property market. Offering three decent bedrooms with a built-in robe to the main and one other, a cosy lounge with adjoining dining and a practical kitchen and bathroom complete the package. Outside there is a lock-up garage and a 720m<sup>2</sup> block with fenced backyard. Just apply a bit of paint and elbow grease to bring back the sparkle!
