In an elevated neighborhood, conveniently located to shops and buses, this lowset house boasts 4 bedrooms and 2 bathrooms, perfect for a growing family or those seeking to downsize with space and comfort. As you enter through the front door, you are greeted by a long hallway that opens to a spacious living area adorned with natural light. The open kitchen, equipped with modern appliances and ample storage, serves as the heart of the home, this overlooks a lounge/dining room. The master bedroom, tucked away for privacy, provides a peaceful sanctuary with its cozy atmosphere and en-suite bathroom, complete with a walk-in robe. The remaining three bedrooms offer ample space for children, guests, or home offices. The main bathroom, centrally located for convenience, features elegant fixtures and a soothing ambiance. Outside, a spacious backyard beckoned for outdoor activities and gatherings, with plenty of room for children to play, pets or for gardening enthusiasts to cultivate their green thumb. A covered patio provided the perfect spot for alfresco dining or simply enjoying the fresh air and tranquil surroundings. Elevated facing North Main bedroom with walk in robe and EnSuite 3 additional bedrooms 2x living rooms Open plan kitchen Under cover Patio 1800mm high fully fenced yard
