At a lovely locale in the very popular, modern suburb of Zuccoli is a classy as-new home with many stylish, high-quality features. Convenient due to a smaller size block that enables a reduced price, ease of garden care and lots of time for other priorities. The big open plan living area connects perfectly with the centrally located kitchen and patio so combined they provide a very functional family amenity that's great for entertaining too. This setting is beautifully enhanced by big marble style floor tiles, high-end kitchen, stone bench tops, and tall louvered windows with stylish drapes. A very private, secure home, it's surrounded by other quality near new homes in a family friendly neighbourhood close to just about everything.
