Expressions of Interest Close Tues 4th June 5pm

The signature flair and attention to detail of a Rob Mills architectural design are front and centre throughout this spectacular contemporary residence. From the extraordinary scale to the elite quality and luxurious finishes, every aspect curates a peerless family lifestyle where relaxed living and indoor-outdoor entertaining are paramount. An imposing 3m solid timber door opens to a welcoming entrance hall flowing through to an expansive sitting room with gas pebble fire and a superbly fitted executive study both enjoying wonderful, lush courtyard outlooks through vast expanses of glass. Oak floors flow through the palatial open plan living and dining room with a gas pebble fire and sublime gourmet kitchen appointed with Calacatta marble benches, a full suite of Miele appliances, integrated Liebherr fridge/freezer and a butler's pantry. Automatic full height glass sliders reveal a stunning north-facing courtyard with large bluestone terrace and picturesque solar heated pool with a heat pump booster. Both sky lit stairs and a lift lead up to the magnificently proportioned main bedroom with gas log fire, bespoke walk in robe and lavish marble slab en suite and two additional king bedrooms with marble en suites and built in robes. On the basement level also reached by lift and stairs, there is a 4th bedroom with marble en suite and robe, a generous media room/retreat, wine cellar and 3 car garaging. In a prestigious precinct close to Heyington station, leading schools, Toorak Village and trams, it is comprehensively appointed with alarm, video intercom, remote monitoring, ducted heating/cooling, audio wiring, remote blinds, powder-room, laundry, solar boosted hot water, irrigation, rainwater tank and ample storage.
