Introducing 6 Wallaby Lane, a truly spectacular property that must be seen to be believed. An extensive and meticulous architectural renovation overseen by the original architect, award winning Jolyon Robinson of Robinson Architects, has transformed this home into a remarkable rural retreat where no expense has been spared or detail overlooked. Executed to only the highest of standards, this is one property that will delight even the most fastidious of buyers. The main residence and private studio stand proud on a picture-perfect 2.38-hectare lot with landscaped gardens, whisper-quiet surrounds and show-stopping Cooroy Mountain views. The quality workmanship throughout is second-to-none with every inch of the expansive primary home simply stunning. There are three bedrooms and two bathrooms along with a study and an open-plan kitchen, dining and living area. This main gathering space is light-filled and inviting with polished concrete floors, a towering ceiling, a wood heater and direct access to the large covered CUTEK-coated timber deck. Preparing meals will be a culinary delight in the entertainer's kitchen with a suite of high-end appliances, including induction and gas cooktops, a wok burner and a Teppanyaki grill. There are also two dishwashers, a wine fridge and a full butler's pantry alongside an oversized island with breakfast bar seating. French oak floors are on show throughout much of the home including in your luxe master suite with an opulent walk-in robe and an ensuite with a double vanity, a soaking tub and a private deck. The guest bedrooms have built-in robes and there's a central main bathroom, an internal laundry, ducted air-conditioning, an under-house concrete store and a double garage with a storage area for all your toys. Endless hours of fun await in the heated pool while the extensive list of extra features includes three 20,000L rainwater tanks with UV filtration, a bore water supply, a dam, an irrigation system, a solar system and a Tesla battery in case of a black-out. When your guests come to share in your serene slice of paradise, they will be treated with their own private quarters in the one-bedroom, one-bathroom Studio featuring an open air Kitchen and sitting deck overlooking rolling grass and tranquil water reflections.
