I am pleased to introduce this beautiful Queenslander to the market. Built in 1929, the charming property has been loved by many generations and now it is time for a new family to share it's history.

Situated on a large, flat corner block on a tree lined street and a stone's throw away from the very popular Ducie Street Park.

It is hard not to fall in love with the character as you enter the property, a classic style with all the mod-cons we have to enjoy.

Upon entry, you are welcomed into a sun room with glass louvers allowing an abundance of natural light. Polished hardwood floors are through the entirety of the house.

Open plan living for your living room, dining space and kitchen. The updated kitchen features added storage and dishwasher.

Double doors welcome you onto the adjoining semi enclosed deck that feels more like an extension of the home rather than a separate outdoor space.

The master bedroom will win over the fashion lovers with it's own dressing room complete with built in cabinetry.

A bright office nook or multi-purpose space separates two more bedrooms .

A large, updated bathroom is easily accessible by all bedrooms, with an additional separate toilet, a rarity in these classic properties.

Downstairs houses your laundry space with tub and counter space. Dedicated built-in workshop to house all your tools & DIY projects.

There is room for one small car to be kept under the house.

The house is surrounded by established fruit trees, luscious grass and a veggie patch.

Just a 9-minute walk to Darra train station and easy access to the Ipswich and Centenary motorways, this is an absolute ideal location.
