**\$489,000**

Cooktown Real Estate is excited to welcome 60 Starcke Street to the market. This property offers a blend of homemade style, space, and adventure on the Endeavour River making it the ideal place for an idyllic getaway, or place to call home. The grand sturdy 2-bedroom 2 storey timber and steel frame home was built for the Far North in a position to capture living of the Endeavour River. The bank just meters away so you don't have to leave to throw a line in, set some crab pots or just relax on the veranda. Upstairs as you walk into the large living area you are greeted by the cathedral ceilings, a timber kitchen with gas cook-top and other handmade timber touches. The spacious full wrap around verandas surrounds the 2-bedroom home making it easy to keep an eye on the generous property that consists of 2 acres with a large road reserve out the front. Downstairs is the laundry and a concrete area the size of the floor plan providing ample room for storage. There is also 3 water tanks and a 10m x 12m shed built with plumbing in the slab for an additional bathroom to be added and has power installed. Upgraded wiring, air conditioning and bathroom have been started and with some extra touches to finish the interior, this could be your sanctuary, enjoying a peaceful retreat on the holidays or all year round. Situated 10 minutes from town, and a short drive to the Marton boat ramp or build your own jetty (stca). Contact us today to arrange a private inspection and experience the way of life for some in Cooktown. Arianah 0407 138 016 sales@cooktownrealestate.com
