\$605,000

This classic Culburra beach house is waiting for someone to make it their own. 'Shack' by name but there's more to it than that. Un-pretentious, this original beach house is a true definition of the style of 'weekenders' of days gone by, when things were just a little 'simpler'. But, if it's something a bit more modern that you are looking for, then you could re-develop the site and build the house of your dreams, the choice is yours. There are two bedrooms along with an open plan living/dining area and kitchen, whilst the bathroom and laundry are combined. Front and rear decks have been recently added, which are great for outdoor living. The position is terrific, with just a short walk to the beach and the shops. Side access leads to the rear yard, which is where you'll find the detached garage. With properties in this price range being so hard to come by in Culburra Beach and with the market still strong, we suggest this cute cottage will get snapped up in no time. For further information on how you can make this your next project and to arrange your inspection, phone Kellie Spowles at Culburra First National on 02 4447 3600.
