Construction is underway, move in next year. Created in collaboration with renowned architecture practice Woods Bagot and distinguished interior design studio Hecker Guthrie with landscaped gardens by Acre. Step into this North-facing beauty and uncover a thoughtfully designed floor plan that boasts an ideal layout. Refined and equipped with top-of-the-line Gaggenau appliances, the spectacular kitchen fulfills your every culinary desire. Seamlessly integrated, the generous Butler's Pantry offers an ideal retreat to fix a drink or discreetly manage any kitchen clutter while hosting guests. Crafted to instil a feeling of tranquillity, the master retreat offers abundant space to make your own. A spacious robe awaits, while the ensuite features a luxurious deep shower and expansive undermount bathtub. Ceppo terrazzo flows throughout the bathrooms and kitchen, a poignant nod to the European heritage design aesthetic of the inner north of Melbourne. Individual residences are paired with exceptional communal amenities, including the Guest House - a bookable one-bedroom suite that provides accommodation for your overnight or weekend guests, the Lifestyle Concierge to help with a myriad of individual or group requests and the Dining Room, a private space with a full kitchen for those who love to host large gatherings of family and friends.
