'Myrning 1920' - A Charismatic Beauty and Private Oasis

An exquisitely rare jewel that has been owned by the one family for more than 80 years, the next family will thrive in this highly sought-after pocket just metres from Anderson Park's breathtaking city sunset views. A majestic double brick Californian Bungalow hidden privately behind a rich garden landscape, fall in love with the vivid leadlight, ornate timberwork and extraordinary five living zone, six bedroom design.

Select a wine from the 1000-bottle cellar to share with your friends in the formal lounge which extend into the stately entry foyer with timber panelled walls. Ready to host the largest of gatherings, the vast dining room, meals/family room and central living room can be quietly enjoyed as separate zones for family versatility. While the children study and relax in the upper retreat, parents will appreciate the privacy of the ground floor study.

With a double auto garage, there's no need to drive with the tram right at your door for a swift trip to the many prized lifestyle experiences at Camberwell Junction. Wave to you children as they walk down the street to Auburn South Primary School, Auburn College, Bialik College and Scotch College. Have a hit with friends at the tennis club, catch transport easily into the city, or jump on the freeway for a quick trip to the Mornington Peninsula.
