Measuring 80sm approx. of big living in a perfect location, a top floor mini house sized apartment that you will say yes to on the instant you step inside. Big, bright, and delightful the setup is something else with its larger than usual open living, 2 generous bedrooms, views and vistas aplenty, 2 terraces front and back, plus car parking in a cosmopolitan location that you just can't beat. On the outside a central garden to share, pool, gym plus acres of Albert Park and Lake across the road are a perfect tonic after a hard day's work.
