Perched atop a gentle rise, this well-loved home promises a life wrapped in comfort and ease with its panoramic views stretching toward Coolangatta and beyond. Lovingly tended to since its construction forty three years ago, this residence eagerly awaits its new owners, whether they be a family seeking more space or astute investors with an eye for coastal charm. Spread across a generous 702 square meters with an enviable northern aspect inviting an abundance of light and coastal breezes all year round. The expansive open-plan living areas seamlessly meld with the vast outdoor entertaining expanse, where a pool, surrounded by sleek glass balustrades are sure to not obstruct those irreplaceable vistas. The kitchen boasts marble-inspired laminate countertops, a ceramic cooktop, a stainless dishwasher, and a gourmet oven, ensuring culinary delights for both intimate gatherings and grand soirées. Three distinct living zones, one featuring a charming bar, offer versatile havens for relaxation and conviviality, all with low-maintenance tiled flooring. Each bedroom is a haven, with graceful plantation shutters, ample built-in robes, and drenched in natural light. The main bathroom stands as a testament to thoughtful design, radiating contemporary elegance at every turn. Standout features include the oversized insulated three-car garage, air conditioning in the primary living area and master retreat, and ceiling fans throughout. Crafted with steadfast double brick and tile, a 6.6kw solar system, this home epitomizes both endurance and ecological mindfulness. Nestled in a locale where convenience meets aesthetic splendour, mere moments from educational institutions, sandy shores, healthcare facilities, and the bustling airport, the M1 highway offers seamless connections to Brisbane or Byron Bay. This property presents an irresistible opportunity for a lifestyle of comfort and leisure against a backdrop of breathtaking coastal vistas.
