\$725,000

A unique fully refurbished two level home on a large 815m² side access block with a shed in the back yard is now offered for sale in South Mackay, a short distance from the CBD. If you are looking for a large family home this five-bedroom property is a must to inspect. The upper-level bedrooms feature 3.2-metre-high ceilings and fans; the master bedroom enjoys the luxury of a private ensuite. There is also a sleep out, a sunroom and a second bathroom to compliment the floor plan. Upper and lower floors are connected by a stylish timber staircase with a storage area built under. The large open-plan kitchen and living area is cooled by a 7.6 kw air-conditioner, a second similar sized air-conditioner ensures year-round comfort to the upper level. The like-new kitchen is both elegant and functional with a six-burner gas cooktop with range hood, gas hot water and ample storage. There is also a spacious office area downstairs, alternately a study or a rumpus area. Floor coverings are a combination of new easy-care vinyl planking and carpets. The property also boasts an 8 metre by 3.6 metre back deck, ideal for relaxing or entertaining. There is side access to the large, fenced back yard which has ample room for a future swimming pool and on the other side of the home is an enormous carport with enough room under roof to accommodate cars, boats or a caravan. And to top all this off is a good-sized powered shed, fitted out with shower, toilet, basin, laundry tubs and a separate storage area. It is all framed up and just needs sheeting to complete to make an ideal man cave or a granny flat offering dual living. A rare property in the Mackay marketplace, for the opportunity to inspect this impressive home in a tree lined street please call Peter Mills on 0436 034 187.
