Art Deco charm and perfectly designed for families

From its classical facade to its light-filled contemporary spaces, this renovated and extended 4-bedroom Art Deco residence exceeds all expectations of a premium family home with an exceptional address. Elegant traditions are upheld with beautiful period features, lofty ceilings, leadlight windows and timber floors, which enhance the formal rooms and 2 ground floor bedrooms including master suite.

Modern desires for expansive living zones and enticing style are met in the huge granite kitchen with stainless steel appliances, open-plan dining and family room, seamlessly extending out to the northern rear alfresco patio and lovingly landscaped garden.

A master bedroom with 'his and hers' robes, sumptuous ensuite and gorgeous leadlight windows overlook the traditional front garden, whilst further accommodation upstairs features a large teen retreat and 2 further double bedrooms with 3rd family bathroom. Offering all the creature comforts with gas ducted heating, evaporative & SS cooling, security, studio/workshop and double carport behind secure remote gate, appreciate the quick stroll to Our Ladys Primary School, Kingswood College, Deakin University, Aqualink, Wattle Park and the Riversdale Road tram.
