Area: 612 m²

Type: House

\$560,000

The original owners of this custom-planned 2011 property knew exactly what they wanted to achieve from the design and finish of the home to the accessibility of the manageable lot. Now you have the opportunity to reap all the great benefits of their efforts. The property is in a popular estate with parks galore, and shops, education centres and more nearby. The attractive home has upgraded specifications and was set on the site to allow for the fabulous drive-thru, triple bay garage. Backyard access for the trailer, boat or pop top van should prove a great asset to the fortunate new owners. Immerse yourself in your favourite movie genre in the French door media room, which is fully-wired and projector ready. Bask in the warmth and natural light of the rear spacious and in-vogue, upscale living, dining and galley kitchen zone, which opens to a fabulous enclosable deck overlooking the private backyard, with raised vegetable beds. Even the most reluctant of cooks will find this kitchen irresistible and inspiring, with its high-end Falcon cooker and rangehood, fabulous storage and benchtops and a dishwasher. Exuding a chic ambiance, the front master suite offers spacious twin walk-thru robes to a twin vanity basin semi-ensuite and separate toilet. The guest or kids' domain has a touch of glam too, with walk-in robes and queen-sized bedrooms. Central to both is a smart wet area, which includes good laundry storage, and a walk-in linen press, shower recess and second toilet. Savour the space, quality and overall allure of this property. For more detailed information or to arrange a private viewing please contact Paul Armstrong on 0459 381 382.
