When you are sitting in your sunroom looking out into the tropical garden you cannot help but feel the peace and serenity. Tastefully renovated throughout with a modern kitchen, air-conditioned lounge and two bedrooms. The bathroom has also been tastefully renovated. The small front deck is a great spot to enjoy your morning tea or coffee. The backyard is a delight with a private courtyard, large bird aviary, and well established gardens. There's a workshop/shed behind the carport. Over the back is a tidal creek the ideal spot to catch a mudcrab or a bream or two. Single carport and no direct neighbour on one side. Close to visitor parking and an easy drive to local shops town etc.
