Beyond the pickets and automated driveway gates, is an exquisite c1910 villa evolution deserving none other than one of Mile End's most tightly held and coveted character streets. Extended in 2010 to the highest of standards and meticulously fine-tuned ever since, its vintage-modern aesthetic, versatile up to 5-bedroom floor plan and acute attention to detail sends a clear message to the family buyer... There are absolutely no shortcuts to quality here. Every considered component – from the double brick open plan addition and sympathetic brickwork, new roof structure, bullnose return verandah, new sash windows, and hand-laid tessellated floor tiles to both bathrooms and laundry, right down to the concrete slab beneath solid Australian beech timber floors – tell the story. We invite you to find any home of this quality or flawless design continuity. 100% wool carpets, high-end window treatments, durable HI-MACS composite kitchen benchtops, and refreshed joinery colour-matched to maintain uniformity are some of its recent highlights. Up to 5 bedrooms – including optional study or 2nd lounge options – evoke sophistication, the leading master showcasing a walk-in robe and timeless ensuite, bedrooms 2 and 3 offer tall custom robes, the 4th led via double leadlight entry doors - while bedroom 5 offers the ultimate bed/lounge/study options. With sunlit sight lines to the sparkling pool through dining zone stacker glass doors, the chic kitchen hosts a semi-integrated dishwasher, induction cooktop, and pyrolytic oven - all high-end stainless Miele - plus an Insinkerator, the cook's next best asset. Yet it's what's above that confirms the home's innate flexibility. The never-ending mezzanine warrants a king bed and a modular lounge, offering split system air conditioning for convenience, remote Velux skylight blinds, and a sound-softening extra floor layer should you adopt it as a home theatre to enjoy the BOSE sound system. All this, the best mile from town – the hippest city fringe that covets corner cafés, the Brickworks Marketplace, buses, trams, private colleges, zoning for Adelaide and Adelaide Botanic High Schools, plus a Henley Square or city pivot in a heartbeat. Come see Cuming Street for yourself.
