This sweet property has a country town charm all of its own. The façade of the house will make you think of a rustic log cabin and the inside is as neat as a pin. There are four spacious bedrooms, three of which have built-in robes and the bathroom is in great order. There is a cosy lounge room at the front of the home and a bonus space at the back of the home perfect for a dining room, sunroom or another general living area. The kitchen is nicely updated with neutral toned cabinetry and timber style benchtops, and you will love the shelved, walk-in pantry or storage off the hallway. On a huge block of 1,353 sqm, which is fully fenced, you'll have plenty of room for outdoor pursuits and with access from the street at the back of the block there is plenty of room for a big shed as well. There is a covered patio, water tanks, greenhouses and the gardens have been much loved and meticulously kept. Nestled in the pretty village of Cudal, this could be the treechange you've been searching for.
