**\$400,000**

Great potential with room to expand, this charming cottage is just waiting for the right family to bring it to its full potential. A large 2 bay shed/workshop is positioned to the side leaving plenty of room for work or play. Let the kids explore the small creek at the rear boundary and you are also walking distance to local schools. Walkerston has all amenities including a large shopping centre a couple of Family Pubs and is only 15 mins to Mackay. If you are looking for an affordable country lifestyle change, I look forward to showing you through this Country Cottage.
