Positioned in the tightly held location of "Limekilns," this impressive custom built home sits proudly on a 547m² block along the Myall River. As you step into the craftsman built property, you are greeted with a stunning mix of high quality materials including stone, marble and recycled timber, as well as a bit of history with beautiful timber beams on display, including some being sourced directly from Tea Gardens historic wharf. The grand staircase is not only a beautiful feature as you enter the home, but leads the way to a separate wing housing four bedrooms. As you reach the top of the staircase, the impressive master suite tucked behind the antique Balinese doors is a retreat in itself, with high ceilings, exposed beams, and a dreamy mix of both the peaceful bushland views from the bedroom and river views from the ensuite. Bedrooms two, three and four are generous in size, and each boast built in robes. Bedroom two features a second ensuite, whilst the main bathroom with stone benchtops and a beautiful deep bathtub services the additional two bedrooms. Downstairs, the expansive open plan living and dining space is surrounded by large stacker doors opening out to the beautiful solar heated inground pool and BBQ area. Incredible features of this area include a dry stone feature wall, recycled timber flooring and the beautiful wood fireplace. The impressive kitchen boasts quality Westinghouse appliances and beautiful granite benchtops. The huge island bench and custom cabinetry allows for plenty of storage space providing a clean, clutter free space. Off the kitchen, the casual light filled dining room overlooks the Myall River from one side and the luxury pool area from the other. A wide staircase with a curved stone feature wall leads upstairs to a huge rumpus room with louvered windows and stunning water views; the perfect entertaining space all year round. Back downstairs, the entertaining deck is surrounded by coastal bushland and leads to the waterfront reserve and direct access to swim/kayak in the river. The double garage offers plenty of space for two vehicles, as well as some shelving/a workshop area. The garage has direct access into the laundry.
