Dwyer Properties are excited to present this premiere four-bedroom home, which fronts onto the 2nd fairway of the renowned Tura Beach Country Club. Feel the quality of this home as you enter the vaulted ceiling living areas with immersive views of the golf course and the Pacific Ocean. You will notice the attention to detail in every aspect of the home. The house is built with solid limestone blocks, adding to the insulation qualities. Internally, the select use of timber in the ceilings, windows, and doorways gives the feeling of a homestead or retreat. The expansive kitchen is a dream for every aspiring chef, with the use of quality European appliances, a large array of storage options, and views over the patio and swimming area. All bedrooms are oversized and have built-in robes. The master bedroom has a walk-in robe and ensuite. There are multiple places for entertainment or relaxation; whether it be the lounge room, the games room, the family room, the dining room, or the study. Maybe you would prefer a dip in the solar-heated inground swimming pool, or just laze around in the sun or the shade of the gazebo. The double garage is oversized as well and has a workshop area at the rear, as well as a two-way powder room that also opens to the billiard room. There is another storage room/workshop under the house, with a roller door for golf cart storage. This premium lifestyle home has multiple extras, including but not limited to, 6kw Solar panels, ducted reverse cycle air conditioning, and a Coonara log-fire heater. All amenities including the Country Club, the beach, and the shopping centre, are all a comfortable walk or a short drive. It is possible to have it all, call David today for a private inspection.
