Approximately 10 acres situated just on the edge of town, this property offers a peaceful living area on acreage. Currently the homestead is running off solar to an inverter which powers the cabin including lights/ TV etc. All this without an electricity bill! The living quarters includes a Gooseneck (35ft x 8ft) and cabin (8.5m x 3.2m) converted into a home with a beautiful verandah (8.5 m x 3.2m) overlooking the dam. The oven / stove tops are gas and there is a fireplace centrally located in the main cabin, perfect for winter! This living area features town water to the kitchen as well as being connected around the property. Also included is a livable Caravan and Annex, a shipping container for storage, Horse stable, Chook pen , Dog pen and extra roofing supplies. Over the Gooseneck and Caravan there is a Tropical Roof for extra protection from rain and providing extra insulation. The 10 acres are divided into a few different paddocks by electric fences, with one paddock including a horse stable. This place is conveniently located minutes from the centre of town and has plenty of space and privacy to do whatever you desire!
