\$700,000 - \$750,000

This home has undergone a complete internal makeover with new bathrooms, kitchen and laundry plus new floor coverings and fittings. It would be a great buy for first home buyers as all the expensive work has been done so if you want to add your own touch then put on the gardening gloves and utilise your landscaping skills. The property is well located being 50 metres from a neighbourhood shopping centre, 600 metres from the Richmond River and has the bonus of having no neighbour on one side as it adjoins playing fields making it ideal for young families. This home represents great buying in this price range given the quality of the property on offer.

- Extra large double garage
- Air conditioning in the living areas
- Built in robes in all the bedrooms
- Would be an ideal investment property being low maintenance
