Here is your opportunity to secure an affordable home in a lifestyle location, with plenty of potential for future growth. Inside, the home offers two bedrooms (both with built in robes), and central bathroom positioned off the hallway, whilst the lounge, kitchen and dining offer a practical living zone. A separate laundry and toilet add to the convenience. For those who love to entertain, the home provides an undercover deck flowing from the dining area, featuring cafe-style blinds. This area allows for enjoyable gatherings regardless of the weather. Steps lead down from the deck to a paved area and a secure backyard, which is the ideal play area for children and pets. The property also includes a separate out building, which has been transformed into a rumpus room. However, there are endless opportunities for this space, such as an office, gym or converting it back to its original purpose as a garage. Set on a flat 696m² allotment, well positioned in a popular pocket of Devonport, within close proximity to Nixon Street Primary School and St Brendan Shaw College. For those seeking an affordable home, in a popular locality, call Sharyn Crack to arrange your inspection. **Property Circle Tas has no reason to doubt the accuracy of the information in this document which has been sourced from means which are considered reliable, however we cannot guarantee accuracy. Prospective purchasers are advised to carry out their own investigations. All measurements are approximate.
