Privately tucked away amongst a canopy of stunning established trees, this magnificent one of a kind property has been carefully designed as a functional and spacious family home, showcasing some of the best views in the district from all angles. Once the home of the Kilcunda Road State School, this one acre parcel is positioned just a comfortable 10 minute drive to Korumburra. The main residence has been extensively renovated and upgraded throughout with an emphasis on comfortable, spacious family living. A covered front door welcomes you into the grand entrance hall, with soaring cathedral ceilings and a spectacular hand-crafted timber staircase setting the scene for what awaits you. From the moment you step inside, you'll be instantly captivated by the most breathtaking northerly views, looking out over thousands of acres of farmland. The heart of the home is the stunning chef's kitchen, well appointed with a freestanding induction stove, integrated dishwasher, farmhouse sink and a huge butlers pantry. A combination of stone and hand-made timber benchtops are the perfect blend of modern functionality and country charm. Sliding stacker doors and a double serving window open out to the expansive entertaining space, with the deck running the full length of the home. Enjoy the convenience of three separate living areas, including a cozy lounge with double doors allowing for some peace and quiet, a central sitting area opposite the beautiful fireplace and a huge multi-purpose area upstairs with remote Velux skylights flooding in the natural light. There are four good sized bedrooms, including the master with a private deck, walk-in robe and ensuite, luxuriously appointed with oversized shower, wall-mount vanity and heated flooring and towel rails. An added bonus is the gorgeous one bedroom studio separate from the main house. Previously hosted as an AirBnB, this would also be a perfect space for family and guests to stay and enjoy their own space. It features soaring cathedral ceilings, a full bathroom and kitchenette, spiral staircase up to a cozy loft bedroom, RC heating/cooling and a private deck to enjoy the view. The cottage gardens surrounding the home are truly marvellous, with a range of beautiful flowers, fruit trees and vegetable gardens. The kids can enjoy a home away from home in the impressive treehouse, a tiny replica of the studio complete with it's own loft. The large American barn has mezzanine storage, power and a concrete floor, plus an extra double garage for wood storage. This is truly a special property and there is just so much to discover. Completely renovated throughout and ready to move straight in, you can finish the exterior to your taste or enjoy just as it is. If you've been considering a move to the country to raise your family or maybe a quiet place to retire, this should be first on your inspection list. The views are truly some of the best we've ever seen and this won't be around for long! Looking to buy, sell or rent in South Gippsland?
