We are excited to unveil these brand-new apartments and invite you to come and inspect on Saturday the 10th of February from 10 AM - 11 AM at 649 Victoria Street, Richmond. Discover the best of both worlds. A place where urban life seamlessly connects with nature, where innovative design meets the highest standards of craft, where Melbourne's most acclaimed architects, landscapers, artists, and makers have come together to create an environment that calms the human spirit and brings people together. The Yarra Trail is one of Melbourne's most unique places. This picturesque stretch of bushland continues to inspire and draw in a stream of adventurers and visionaries. From the Yarra Bend golf course to the bucolic bliss of the Collingwood Children's Farm, Studley Park House to Heide Museum of Art, the Yarra remains the lifeblood of the city – and the Walmer apartments represent one of the last opportunities to live in the midst of this remarkable stretch of Melbourne parkland. Walk onto your terrace and into nature: some of inner-city Melbourne's most spectacular views begin right at the threshold of your home. Architecturally designed wrap-around balconies with infinity edging give access to a spectacular panorama, while still giving you privacy. Walmer's terraces are made to be lived in – generously appointed and welcoming, they're a place to entertain friends or take in the magnificent natural surrounds.
