Designed and built to a premium spec, this three bedroom plus study home provides an atmosphere of pure luxury and a lifestyle of leisure just a two-minute drive from Stockland Shellharbour. Flaunting high statement ceilings through the ground floor, it enjoys a sublime sense of space, light and easy living complete with a generous lounge and separate dining zone. Glass stacker doors bring the outside in, and connect chic interiors to impressive all-seasons entertaining plus a great level lawn where kids and pets can play to their hearts' content. For keen cooks and their apprentices, the quality kitchen is elegantly appointed with stone benchtops and a breakfast island, a butlers pantry, a dishwasher and a 900mm gas range. Upstairs, master quarters are privately positioned and well-proportioned, boasting a walk-in wardrobe, a sparkling ensuite and a perfect north-easterly aspect. The fully tiled family bathroom offers a sleek white tub plus shower, while further features include a downstairs powder room for guests, a large laundry with storage and side access, and a single garage with remote-controlled door. Complementing the prime proximity to shops, cafes and Wollongong transport, childcare options, Flinders Public School and high schools, you'll also love being so close to your south coast beaches of choice, the social buzz of Shell Cove Marina and the pristine natural wonders of Killalea Reserve. For more information or to arrange an inspection, contact Francesca Di Fazio on 0422 621 222.
