**\$410,000**

Once a much loved character home, now approx. 3.4 acres of gently undulating land in a central, quiet location. Open northerly aspect with established shelter trees, a sprinkling of shedding and a choice of locations to build your dream home (STCA). Power is connected and the original timber structure is still in place. Peaceful rural setting with lovely valley views over the surrounding farmland and distant forest. Approx. 20 minutes from the villages of Foster, Meeniyan and Mirboo.
