This designer dream to reality country style home has a European flavour full of limestone block face brickwork and expansive open areas including a full 9m void that impresses from the start. Bi-fold doors open to a decked and glass covered alfresco area where you can entertain protected under the stars. This itself leads to an amazing lap pool flush against the property. Downstairs hosts two BIG semi-ensuite bedrooms both with mirrored built in robes and lead to their own decked and glass covered alfresco. Upstairs hosts two BIG semi-ensuite main bedrooms also with mirrored BIRs and both have their own private lofts making for impressive hide-away study areas. Off the glossy sealed garage there is a completely separate huge loft bedroom with its own downstairs bathroom that could be rented or used by that teenager wanting to break free! With 430sqm under the main roof this home also boasts living areas on all three levels, an impressive stone kitchen with island bench, stainless steel appliances and industrial oven.
