Built and owned by the same family since 1973, this classic mid-century modern home has retained the retro style of yesteryear, reflecting the earthy color palette of the era. Fall in love with the Axminster carpet, large floor to ceiling windows, underfloor heating thermostatically controlled to every room in the house, and original light fittings. Freshly painted throughout inside, the main bedroom boasts a walk-in robe and ensuite, with built-in robes in the second and third bedroom. At the front of the house you will find a home office with outside access, perfect for those working from home, or if need be convert it to a fourth bedroom. Spend time in the open plan kitchen, dining and second living area or entertain in the formal lounge room, spilling out through double sliding doors to the West facing undercover area. There is a third toilet inside, ample storage throughout, and a reverse cycle air conditioner in the living room. Outside you will be impressed by the solar heated fiberglass pool, double carport, single car garage, sundry shedding, all set on approximately 900sqm of land. Will you be the next lucky owner?
