\$675,000

In the heart of Airport West with close proximity to everything that counts, this contemporary townhouse is a must-see for professionals and investors alike thanks to its generous dimensions, exciting potential and profusion of natural light throughout. An excellent design, the home's inviting interior boasts a downstairs master bedroom with WIR and semi-ensuite bathroom, as well as two further upstairs bedrooms (BIRs) and main central bathroom with shower and bathtub. Spacious and versatile, the open-plan living/dining area is accompanied by a well-appointed kitchen complete with breakfast bar, stainless steel cooking appliances and space for dishwasher. Other highlights of this terrific townhouse include split-system heating/cooling and additional panel heaters, timber floors, full laundry and under-stair storeroom. Rounding out this package of easy-living style is a wide north-facing courtyard plus an internally-accessed garage (remote-control) and additional driveway parking. A short stroll to McNamara Avenue cafes and shops, St Christopher's Catholic Primary School, local buses and Matthews Avenue trams, it's also close to both Westfield and Essendon Fields shopping centres, as well as easy access to the Tullamarine Freeway and Western Ring Road.
