Rising proudly to meet The Dandenong Ranges, this spectacular high side position gives the family a reason to dream in the coveted school catchment for Vermont Secondary College and Rangeview Primary (STSA). Fragrant Jasmine hedges, a stylish rendered façade and stunning new interior to encourage open plan freedom set up the family with all the comforts of modern living across a single level 4-bedroom design. The complete renovation draws focus around a bright living zone, which encourages movement between the lounge, family room and meals area. A spacious kitchen provides plenty of storage space and quality appliances including a powerful Robam rangehood above the gas stovetop. The master bedroom enjoys lovely garden views from its street facing position, with its own ensuite and walk in robe. Further bedrooms and the family bathroom occupy the rear section of the home, with practical sliding doors in both showers. Add a gorgeous, landscaped garden with plenty of paved alfresco space and fresh turf, and you're all set for picture perfect living in walking distance to Rangeview Primary, Canterbury Rd village shops and cafes, with great access to Vermont Health Care, Mitcham train station, Eastlink and shopping, dining and entertainment at Eastland and newly upgraded Westfield Knox.
