\$1,420,000

Behind the eye-catching contemporary facade of this Parkdale home discover a family-sized setting of light, luxury and supreme low maintenance. Sprawling across two uncompromising levels, the as-new townhouse has been finished to the highest of standards throughout. Enhanced by high ceilings and chic wide-board floors, among its highlights are a peacefully positioned home office, a desirable ground floor bedroom and an expansive open plan living & dining zone which embraces the designer kitchen where prestige Smeg appliances, a walk-in pantry and statement marble tiled splashback are stars. Three additional bedrooms can be found upstairs along with a tranquil lounge/retreat. With its own private balcony and a northerly orientation, the sun-filled master bedroom with luxe ensuite and wall of custom wardrobes is a space that all parents will be happy to call their own. A fully-tiled family bathroom, guest powder room and full laundry are all offered along with ducted heating, multiple split systems and garage with handy shopper's entrance. Outside, there is plenty of room for family relaxation, entertaining and dining thanks to a generous deck and surrounding landscaped gardens. In the prized Parkdale and Mentone Girls' secondary zones and close to a choice of well-regarded primary schools, the home is within moments of local shops and parks and is well-serviced by public transport.
