The family focus of its 4 bedroom, 2 bathroom accommodation and the everyday ease of its low-maintenance spaces highlight the appeal of this ideally positioned home, moments from Altona Primary School, the Pier Street precinct, Westona station and the Altona College campus. An investment that will hold huge attraction in any market, equally enticing as a lifestyle address, the residence's bright living and dining areas lead to a granite and stainless steel fitted kitchen before revealing an outdoor backdrop where paved proportions are accompanied by a water feature and mains gas barbeque. The main bedroom's own outdoor retreat and the enduring modern quality of both bathrooms complement a property where hardwood floorboards and ducted heating and cooling provide additional appeal. Off street parking. Rewarding in a range of ways.
