This beautifully presented 'lease for life' property has only ever had one owner and now is available for a very lucky new buyer. The location is perfect – on the ground floor and a corner. This Independent Living Unit is part of the Onslow Apartments. The access into the home is incredibly easy. Scarce as....There has just been an extensive refurbishment. It will be as if you are buying a brand new home. If you are looking to move into this area or already live close by and want the ideal downsizer then this is it. This is perfect for anyone who desires to move into a community and enjoy a relaxing lifestyle. This Kensington design has 2-bedrooms, a spacious bathroom and a separate powder room (second toilet) and a north facing patio area. The open plan living area is versatile. The modern kitchen is ready for you to cook up your favourite meals for yourself or guests. The property comes with an undercover secure car bay and a spacious storeroom. You can even tend your own small garden. There is so much that St Ives Centro in Jolimont has to offer: Pets (with conditions), friendly neighbours, lawn bowls, indoor heated pool, numerous group or individual activities, service facilities, restaurant, manicured gardens, classic lock-up and leave, and more. Very easy access to public transport and I am sure you know all the wonderful benefits living in this area brings. Don't delay. I repeat, corner ground floor units like this do not come up often. We can even subject sale your current property. Call me to discuss further.
