Panoramic views over the endless ocean create a breathtaking backdrop to all three levels of this luxurious seaside residence in an exclusive pocket of South Coogee between two of Sydney's top surf beaches. Wrapped in walls of glass and view-swept terraces, the five-bedroom home's commanding setting affords views to over Wedding Cake Island from the top floor with a lower level suite ideal for guest or au pair accommodation. A dynamic take on luxurious coastal living, the architecturally designed family home draws inspiration from its coastal setting with soaring barrel-vaulted ceilings and curved terraces as a nod to the nautical and allowing the glorious vista to shine. This is a home that's designed for entertaining with a choice of living spaces and level access to a private courtyard while its coveted setting on the doorstep of the coast walk with Blenheim Park at the top of the street is perfect for the active family. Stroll around the corner to The Lion and Buffalo and South Coogee Bakehouse and walk north along the coast to Wylie's Baths and Coogee Beach or south to Maroubra's surf scene.
