Boasting a contemporary design, the spacious residence comes fully furnished with four bedrooms and multiple living spaces. The outdoor alfresco space provides a perfect setting for leisurely BBQs with loved ones, while the sprawling backyard offers ample room for children to frolic. As an added perk, ample space is available for accommodating one or two boats, catering to water enthusiasts. The ground floor hosts a generous open-plan layout encompassing a fully equipped kitchen, dining area, and lounge area warmed by a gas log fire and there is also split system heating and cooling. Three bedrooms, a main bathroom, and a laundry complete this level. The alfresco dining area is thoughtfully furnished with a dining set, drinks fridge, and television, overlooking the expansive yard. Ascending to the second level, you'll find the luxurious master bedroom featuring a walk-in robe and ensuite bathroom. Additionally, a second lounge area or parents' retreat awaits, complete with a balcony offering sweeping views.
