\$1,800,000-\$1,980,000

Beyond breath-taking, from the 69th floor of the stunning 'Queens Place' building, this extraordinary, 3 bedroom residence measures a staggering 115 square metres, as it fills with the natural light of its coveted north-west corner position and reveals a spectacular panorama as far as the eye can see. Sleek modern finishes are merged with alluring contemporary elegance and a resort-like level of amenity to create a once-in-a-lifetime lifestyle experience at the top end of town. A spectacularly light-filled open-plan living area is underpinned by a gourmet kitchen in which a suite of the very finest Miele appliances is tastefully complemented by stunning natural stone surfaces and rich engineered Oak flooring to captivate home entertainers. Meanwhile, the bedrooms are intelligently zoned away from living – the main bedroom with a capacious, hotel-like ensuite in which the walk-in shower is completely independent to a feature bathtub. Completing a big city lifestyle experience that is almost without peer, 'Queens Place' offers residents access to a gymnasium, swimming pool, spa and sauna, as well as a games room, cinema, wine room, library and private dining with lounge facilities. Fully secure with video entry and a concierge, the apartment also features a coveted and fully secure parking space. This is an ultra-convenient inner-city position, just metres from Queen Victoria Market, Melbourne Central Shopping Centre and the tranquillity of Flagstaff Gardens, while all the culinary options, cafes, nightlife and transport of the CBD are all at your doorstep.
