Welcome to 6a Harlin Rd Sadliers Crossing. If you're the modern day Brady Bunch, we have the home for you! Wait for it - there are 7 bedrooms! Yes, 7 bedrooms!! Here is the configuration: 3 bedrooms upstairs and 4 downstairs. There is a kitchenette downstairs so this could suit extended family members or young adults who would like a bit of space to themselves. Of course, there is the possibility of earning some side income and make downstairs available on AirBnb. Just putting it out there. If you work from home, one of the upstairs bedrooms could be your home office as there are lovely mountains to enjoy. Being an established home you will enjoy the privacy of mature trees and nature. This lovely home is situated high on the hill. From the front balcony, you will take in views of the dividing ranges. Nice views from the back deck too! Speaking of the deck, it flows from the open plan living and dining areas giving a generous entertaining space. We love our creature comforts particularly in the form of air-con and this home won't disappoint on that front. It comes with 6kw solar so that will offset the running costs. Of course, being a big home you will need a few car spaces. There is 4 car accommodation. The home has sprawling gardens and pathways that take you on your own adventure around the yard! So conveniently located with just 2 minutes from Ipswich CBD and down the road from a huge selection of schools including Ipswich Boys Grammar. This home is perfectly located for your family. After a hard days work come home press the remote on the electric gate and unwind. Welcome home!! I look forward to showing you through! - 7 bedrooms with fans - Main bedroom with ensuite and walk in robe - 6 split system air-conditioners and 1 Industrial - 2 bathrooms - Entertainers deck - open planned living - Large 991m fully fenced and landscaped yard - 6kw Solar
