As close to the action as it's possible to be, yet complemented by an idyllic sense of security, privacy and individuality, this apartment distils essence of Williamstown into a highly desirable address. Natural light and outlooks over the energetic life of the leafy streetscape accompany the full-width balcony's generous dimensions and views of the bay. The perfect partner to a living/dining area featuring fresh designer tiles and a kitchen distinguished by stone benches, new granite sinks, distinctive tapware and a new dishwasher. Three bedrooms, all with built-in robes and luxurious new carpets, share the elevated, single level floor-plan of this apartment, further enhanced by a superb new bathroom where floor-to-ceiling tiles, dual vanity and high quality fittings tell a story of contemporary quality. Secure parking spaces for two cars and a storage room ensure total convenience – but we bet you'll be walking to coffee, restaurants, bars, shops and to the water!
