Beyond the iron gates and inside the pretty piazza a delightful townhouse, created from a nineteenth-century flour mill sits ready for you to enjoy. Urban living meets a tranquil atmosphere, as you are close to the action but quietly secluded within thick stone walls. Exposed limestone walls and timber floors create warmth and character throughout this three story property. Boasting a compact & functional kitchen with dishwasher, two large bedrooms, two bathrooms and multiple living spaces make this property the perfect lock up and leave. From here you can walk everywhere, as everything in Freo is on your doorstep. When you do need the car, it's handily parked in a secure undercroft bay, with a storage unit also provided. \*\* 12 month lease is preferred \*\*
