An elevated locale and a cleverly conceptualised design are the key features of this modern town home, offering a rare opportunity to enjoy contemporary luxury living in a low-maintenance setting. Taking advantage of the elevated position and tree top vista, the design centres the substantial living zone around the north to rear aspect, as well as offering direct access to the sun-soaked balcony, perfect for outdoor entertaining all year round. Uncompromising in style and finish, the property boasts three robed bedrooms with the master, with ensuite, perfectly placed on the main level. The remaining two bedrooms are positioned off a private courtyard and have the benefit of a second living area on the same level. A unique feature of this style of property is the ability to create side access to store your camper trailer, small boat or maybe an additional vehicle. -?Study or work from home-?
