Lauren Wood
0411648509

\$420,000 - \$450,000

Getting in on the ground floor, literally as well as figuratively, is made simple and successful by this light filled entry level apartment in one of Williamstown's most exceptional locations. The ease with which all the area's prime attractions – including quality shops, welcoming cafes, the water and North Williamstown station – can be accessed from this ideal address clearly enhances its appeal from a first home buyer point of view or from an investor perspective. The desirability of a boutique block complements the character of ground level spaces, commencing with a living room that's kept beautifully bright by northern light while a separate kitchen/meals area reveals the retro authenticity of its classic original fixtures. Inviting accommodation comprises two bedrooms including a main bedroom featuring built-in robes and a rear verandah retreat. A central bathroom and separate toilet complete a perfect opportunity to make a sensational start to Williamstown life, with the option to update when so desired. Off street parking concludes a property that's all about commencing in style.
