Families, you won't need to settle for anything less than spacious living, timeless design choices and secure, easy-care outdoor spaces at 7 Acacia Court. Pair all of this with a cul-de-sac position, where the kids can play in the street, and an address just minutes' drive from Castlemaine's town centre and you have a terrific family lifestyle offering. Just three years young, this quality Simmons brick veneer boast all of the new home feels. The vendors also chose to invest in noteworthy upgrades. Consider extra-large gleaming floor tiles in the hallway and living areas, high ceilings, a butler's pantry and ducted heating and cooling throughout. The driveway is exposed aggregate concrete and the double garage with rear access has a 3.1-metre-high roof, ideal for people movers, work vehicles/trailers and caravans. Inside, the floorplan features four bedrooms, two bathrooms, two separate living areas and a sheltered alfresco space. The master suite sits at the front of the home with a WIR and showcases a deluxe ensuite with an extra wide shower and double vanity. The further three generous bedrooms are robed and located in their own wing with a built-in study nook and excellent storage for all of those toys and games! The family bathroom, also here, mirrors the ensuite in style with wide floor and wall tiles and incorporates a deep, free-standing bath. The laundry is likewise equipped for family living with excellent bench space to fold the washing and external access. Come together in the open plan and expansive kitchen dining and living area where you can watch the kids play in the secure side yard through the wall of glazing. The kitchen continues to impress with timeless white cabinetry, stone surfaces, a 900mm freestanding oven and that huge butler's pantry. The long island bench invites collaborative family cooking, informal dining and weekend entertaining. Access the all-weather paved and undercover alfresco area by the dining space. Beyond, the yard with lush lawn and secure, high fencing on all sides welcomes your kids and pets. From this address, have the kids at school and meet friends for coffee and conversation in just 6 minutes. Secure now and the family can be settled for the beginning of the 2024 school year.
