\$2,290,000

Classic period aesthetics form a compelling combination ensuring enjoyment of this solid & elevated residence complete with a huge north facing back garden. Even the street frontage will impress with an extra wide 21.4m²* on 831m²* block complementing the stunning possibilities to renovate, begin again or double the opportunity (STCA). Traditional interconnecting living & dining rooms are reminiscent of the deco era & include timeless features such as decorative ceilings, original fireplaces, floors & pristine timber cabinetry offering elegant entertaining options. The flexibility of three double bedrooms & a generous retro style bathroom with a bath are further enhanced by a laundry with a separate toilet. The updated kitchen is complete with white appliances, plenty of storage & incorporates a nearby utility area. Add a split system, ducted heating & a fan completing this superb opportunity. Outside, the parklike garden includes green lawns, alfresco areas & tandem parking creating a landscape beyond expectation in a locale surrounded by family friendly facilities, local shops, transport & parks in the Ormond primary school & Brighton secondary college zones. *Approximate Title Dimensions.
